

SOLAR POWER PLANT

Provinsi Banten

"Opportunity to Contribute in
Future Energy Provision through
PLTS Investment in Banten Province."

Infrastructures

Labor Force

- Development workforce up to 100 people and the operational period of 30 people.
- The 2022 minimum wage is Rp. 2,710,654.

Investment Value:

IDR **403,01** billion

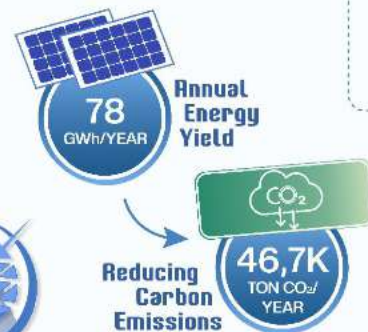

SUSTAINABLE DEVELOPMENT GOALS

Market Condition

- This project is to utilize the PLTS construction quota using the Independent Power Producer (IPP) scheme in Banten Province in 2025 (available quota of 100 MW).
- The growth in demand for electricity in Banten Province is projected at 3.33% (moderate scenario in the 2021-2030 RUPTL).
- The Highest Benchmark Price (HPT) for PLTS 50 Mwp Banten is 6.95x cUSD/kWh in the first 10 years and 4.17 cUSD/kWh (years 11-30) (Presidential Regulation No.112 of 2022 Concerning the Acceleration of Development of Renewable Energy for Provision Electric Power).

Production Target

KBLI

(Business Classification Registry)

35111

Electric Power Generation with Solar Energy

Project Location

Cihara District,
Lebak Regency,
Banten Province.

Land

Production Forest (no longer productive) managed by Perhutani, can be utilized for PLTS.
Estimated rental price Rp. 30,975/m² during the project (25 years).
